

Abraham K

He told them he found
the love of his life
but couldn't get her

He told them he lost
the love of his life
Death would be better

Why did you want to end this way
I wanna know, Abraham K
Why did you want to end this way
I wanna know, Abraham K

My life's been full of distance and void
and too much intricacy
In this way I get some response
a sort of intimacy

His webcam was on
live on the web
until he was done

And people watched
a thousand or so
They just let him go

Why did they want you to end this way
I wanna know, Abraham K
Why did they want you to end this way
I wanna know, Abraham K

I never controlled a thing in my life
not a single breath
At least I'd like to decide
my own death

That's why I want to die this way
I wanna die as Abraham K
